STATINTL

Noncrable William L. Dawson Nouse of Representatives Washington 25, D. C.

LEAT BY. LAWSON:

Your letter of April 5, 1795 requests information concerning reserves established in connection with meanys appropriated by the Congress for this Agency. As you are aware the provision of funds for this Agency and the authorities for expenditures vary somewhat from the normal appropriations procedures. Our budget is carefully reviewed by the appropriations subcommittees having jurisdiction in the House and the Senate, and the expenditures are closely coordinated with the fourest of the Eudget. Under our system reserves are infrequent, and during the period covered by your letter only one such reserve was established. The following information concerning that reserve is keyed to the paragraphs of your letter:
